YLAN BENELHADJSAID-DUTRIEUX – COMPUTER ENGINEERING STUDENT

I am a third-year student at the engineer school des Arts et Métiers in Aix-en-Provence, and I am seeking a 6-month end-of-studies internship starting in February 2025 primarily in the software development, which I am deeply passionate about. I am also very interested in CAD and 3D modeling.

EXPERIENCE

2023 - INTERSHIP 4D logiciel (Rabat Maroc)

International Internship (2 months) - Web Development of a Marketplace

2023 - INTERSHIP CHEZ IREM ENERGIES (Berre 13130)

Worker Internship - Software development to the creation of quotes

2019 - INTERSHIP CHEZ CD-CONCEPT (Carnoux 13470)

Configuration and Setup of ProGest Software (Project Management) on Tablets and Client Workstations (CHU Grenoble 38000)

FORMATION

2022-2024 – ENGINEER SCHOOL- ARTS ET METIERS AIX EN PROVENCE
3rd Year in Cyber-Physical Systems Engineering
2 Years of Study in the Grande École Program (PGE)

2020-2022 - PREPA LYCEE JEAN PERRIN MARSEILLE

2nd Year in PREPA Technologies Etoile (PT* ranked 16th/42)
1st Year in PREPA Technologies Sciences de l'Ingénieur (PTSI ranked 10th/43)

2019-2020 - LYCEE JEAN PERRIN MARSEILLE

Final Year in Sciences de l'Ingénieur (TSI) Mathematics Option
Awarded the Baccalauréat S in Sciences de l'Ingénieur with honors

STUDY PROJECTS

2024 - Borne rechargement carte cashless des galas de l'école

Programming (Python, Lydia API) of a cashless card charging station (6000 € in transactions per event).

2023 - Car Rental Website

Design of an operational car rental website, developed by a team of 5 developers (PHP, HTML).
